

# ICYCSEE 2016 CALL FOR PAPER (EI or SCI Indexed)

August 20-21, 2016, Harbin, China

---

The Second International Conference of Young Computer Scientists, Engineers and Educators (ICYCSEE) 2016 (<http://2016.icycsee.org>) will be held in Harbin, China, 20-21 Aug 2016, hosted by Harbin Engineering University. ICYCSEE 2016 is planned to publish the proceedings with Springer in their Communications in Computer and Information Science series (final approval pending), which will be indexed by EI Compendex according to previous experience of Springer. The program committee will recommend some high-quality papers to international journals including:

- Frontiers of Computer Science (SCI Indexed)
- Journal of Zhejiang University (SCI Indexed)
- Chinese Journal of Electronics (SCI Indexed)
- International Journal of Computational Science and Engineering(EI Indexed)
- International Journal of Embedded Systems(EI Indexed)
- International Journal of High Performance Computing and Networking(EI Indexed).

**The conference invites computer scientists, engineers and educators to submit original research, application and education papers on topics of Social Computing, including but not limited to the following areas in four tracks:**

## Research Track

- Science and foundations for social computing
- Computation infrastructure for social computing
- Big data management analysis for social computing
- Evaluation methodologies for social computing and social media
- Intelligent computation for social computing
- Natural language processing techniques and culture analysis in social computing and social media
- Mobile social computing and social media
- Privacy and security in social computing and social media
- Public opinion analysis for social media
- Social modeling
- Social network analysis
- User generated content (wikis, blogs, etc)
- Visualizing social interaction
- Bioinformatics

## Industry Track

- Novel methods or combinations of approaches and tools used in building systems or studying their usage.

## Education Track

- Education using big data, social computing and social media
- Education research, methods and materials for social computing

## Demo Track

- Research demo

- Industry product demo
- Education demo

## Important Date

- **Submission Deadline of SCI Journals:** ~~March 8th,2016~~ **March 30th,2016**
- **Submission Deadline of Springer (EI indexed) :** ~~March 8th,2016~~ **March 30th,2016**
- **Notification of acceptance:** ~~April 19th,2016~~ **April 30th,2016**
- **Conference Dates:** **August 20-21,2016**

## ● Paper Submission

**Papers** submitted to the conference should be in English. Authors should submit papers reporting original work that are currently not under review or published elsewhere. Papers submitted to the conference should be in the LNCS/CCIS one-column page format following Springer's manuscript submission guideline: <http://www.springer.de/comp/lncs/authors.html>. Papers in research, industry and education track must not exceed 15 pages. Papers in demo track must not exceed 6 pages.

**Accepted** papers will be published by Springer in the Communications in Computer and Information Science (CCIS) series (final approval pending), and will be indexed by EI Compendex according to previous experience of Springer.

**The** program committee will also recommend some outstanding papers to Journal of Zhejiang University (SCI journal), Chinese of Journal Electronics (SCI journal) or Frontiers of Computer Science (SCI journal). These SCI journals will organize a second round review. The final accepted papers will be published in a special issue of our conference (Some papers have been accepted by these SCI journals at ICYCSEE 2015). If you do not want your paper to be published in CCIS, you can ONLY submit your paper to the SCI journals, i.e. Journal of Zhejiang University, Chinese of Journal Electronics and Frontiers of Computer Science. The paper should follow Journal of Zhejiang University manuscript submission guideline (<http://www.zju.edu.cn/jzus/manuscript.php>) or Guide for Authors of Chinese of Journal Electronics and Frontiers of Computer Science.

**The** program committee will also recommend some high-quality papers to some EI-indexed international journals including International Journal of Computational Science and Engineering (IJCSE) (<http://www.inderscience.com/jhome.php?jcode=ijcse>), International Journal of Embedded Systems (IJES) (<http://www.inderscience.com/jhome.php?jcode=ijes>) and International Journal of High Performance Computing and Networking (IJHPCN) (<http://www.inderscience.com/jhome.php?jcode=ijhpcn>).

### ● **Submission Information**

Papers will be double-blindly reviewed without the authors' names and affiliations included. Furthermore, self-references that reveal the author's identity, e.g., "We previously showed (Smith, 1991) ...", must be avoided. Instead, use citations such as "Smith (1991) previously showed ...". Papers that do not conform to these requirements will be rejected without review. Submission will be electronic in PDF format through the EasyChair system at: <https://www.easychair.org/conferences/?conf=icycsee2016>.
